Relevance 100.00 %

A measure of the critical behavioral traits that lead to success in this role

1 Sample, Joe

2 Sample, Francis

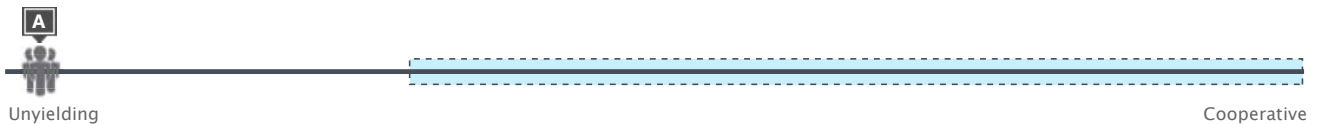

Match Area = 

Relating

Accommodation

The Definition

The extent to which individuals place more emphasis on accommodating the needs of others as opposed to prioritizing their personal needs.

SIMILAR SCORES

  

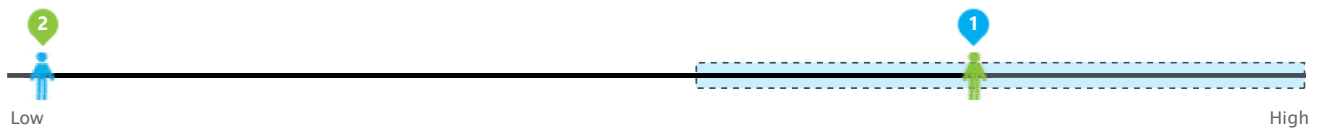

Working

Follow Through

The Definition

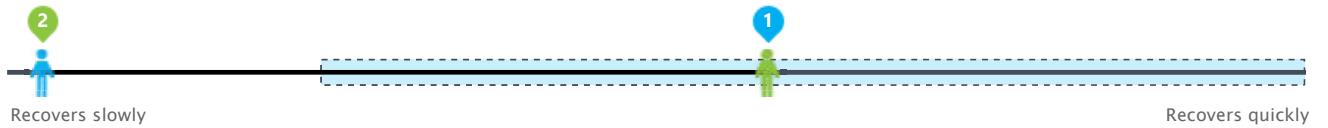

The extent to which individuals can be relied on to follow through and demonstrate commitment rather than being flexible with priorities.

Frustration Tolerance

The Definition

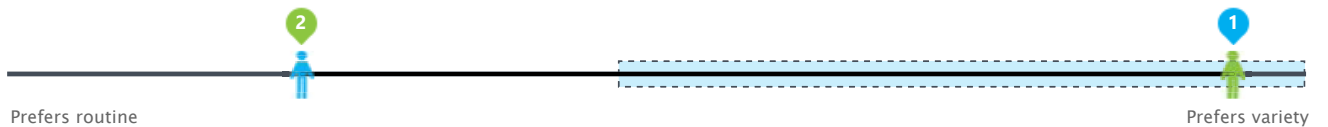

The extent to which individuals have a resilient and positive outlook under most work circumstances as opposed to being concerned about what could go wrong.

Multitasking

The Definition

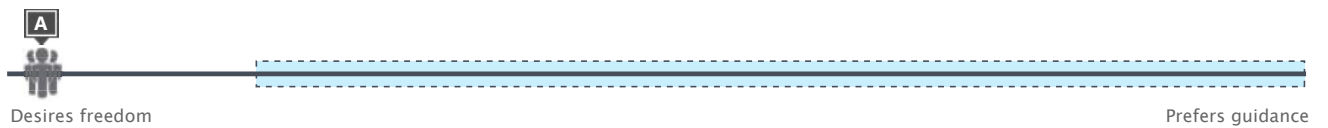

The extent to which individuals prefer variety and handling multiple tasks, as opposed to predictability and focusing on one thing at a time.

Preference for Structure

The Definition

The extent to which individuals prefer to be provided with direction and structure in their work environment as opposed to a more loosely defined work setting.

SIMILAR SCORES

Process-Focused

The Definition

The extent to which individuals prefer to be organized and structured in the way they work, rather than taking a less methodical approach.

Work Intensity

The Definition

The extent to which individuals work hard to accomplish many things quickly as opposed to working methodically or at a less hurried pace.
